

BREAST
**CANCER
AWARENESS**
MONTH

In conjunction with breast cancer awareness month which kicks off in October in Dubbo, the Orana Equestrian Club is proud to support the 'Pink Angels' Breast Cancer Charity during our 2018 Dressage Championships.

The Pink Angels are a local charity and not-for-profit organisation, where 100% of funds raised, and donations received, are guaranteed to stay in our local community. From humble beginnings the Pink Angels were established from their desire to support local breast cancer patients in Dubbo and surrounding regions. It is their mission to care, help and support breast cancer patients throughout their treatment and their recovery in a less stressful way. This may include housekeeping, yard maintenance, accommodation, meals and transport costs, just to name a few.

The Pink Angels have provided essential medical devices to hospitals and Breast Care Nurses to maximise patient treatment and their outcomes.

Through consistent hard work, fundraising and the support from the local community, the Pink Angels are privileged to be able to support over 100 breast cancer patients each year.

During our competition, merchandise will be available to purchase with all funds raised, going directly to the Pink Angels Charity

The OEC will also be donating to the Pink Angels, the proceeds from one of the auction items sold over the weekend.

We are encouraging riders to get into the theme and add a touch of pink to their attire. Eg.

Browbands

Spur and spur straps

Whips

The binding on the saddlecloth

Ribbons etc

Helmets

Ear bonnets

So, get thinking and planning, we look forward to seeing lots of touches of pink throughout the weekend!
